Go Team!

Writing & Publishing in Collaborative Science

Join us for a panel discussion about the team science publishing landscape, doing team science, and studying it.

Scholars will discuss the emerging world of digital and virtual publishing and information dissemination, interdisciplinary science publishing, cross cultural collaborations and experiences in developing and establishing team projects especially in the context of networks that work on big data projects.

Moderator:
Dr. Gaetano R. Lotrecchiano
Assistant Professor of Clinical Research and Leadership
Assistant Professor of Pediatrics

Panelists:
Dr. Eric Hoffman
Professor of Pediatrics
Professor of Integrative Systems Biology

Dr. Shaista E. Khilji
Professor of Human and Organizational Learning

Dr. Ryan Watkins
Associate Professor of Educational Technology

No registration required.
