

## LIST OF POSTER PRESENTATIONS

Name of Primary Presenter	Abstract Title	Poster NO.
Gabrielle Carmichael	Sociobehavioral research in Puerto Rico: A critical review	1
Mariana Fagundes Grilo	U.S. parents' perceptions of the safety and healthfulness of non-sugar sweeteners for children	2
Yossef Alnasser	The American Dream Facing Barriers of Accessing Healthcare for Refugee Children and Youths: Systematic Review	3
Yossef Alnasser	Be Smart And Use Smartphones for Telemedicine: Narrative Review	4
Carrie Cheung	Is Education Associated With Prenatal Maternal Anxiety And Depression	5
Andrew Stranieri	Serving Up Fun: Exploring Determinants that Sustain Tennis Participation Among Young Adults	6
Riley Lima	The COAT Model: Reducing Plastic Waste in Academic Clinical Research Sites	7
Riley Lima	School-Based Pediatric Telehealth Quality Improvement Study	8
Mary Nusloch	The Impact of Environmental Conditions on Substance Use Disorder in Vulnerable Populations in Thailand: A Systematic Review	9
Karenna Roest	Human Chemical Exposure Through Flood Waters Following Extreme Precipitation Events: A Systematic Review	10
Qihang Wu	Refining Data Presentation in Data and Safety Monitoring Boards Reports: An Example from a Clinical Trial Evaluating Antifungal Therapy in Pediatric Uncomplicated Candidemia	11

Name of Primary Presenter	Abstract Title	Poster NO.
Carson Davis	The Impact of Anticipatory Disaster Risk Reduction on Mental Health Outcomes in Oceania: A Systematic Review	12
Christiana Chittenden	Transportation Emission Policies and Respiratory Health Outcomes: A Systematic Review	13
Misgana Woldemeskel	Growth Outcomes in Neonates and Infants Born to Mothers on Bictegravir During Pregnancy	14
Bridget Efua Martin	Occupational Exposure to Antineoplastic Agents and Infertility Risk Among Nurses: A Systematic Review	15
Bridget Efua Martin	Examining Comprehensive Strategies To Address Gender-Based Violence: A Case Study Of Nigeria.	16
Sierra Acker & Alex Blue	Capturing Spatial Influence on Community Care Delivery: A Case Study on Community of Hope	17
Lulu Chen	Space-based characterization of nitrogen dioxide (NO <sub>2</sub> ) pollution diurnal variations and exposure disparities in the United States	18
Sofia Londono del Rio	Effects of a Women's Health Workshop on Knowledge and Comfortability Discussing Sexual Health Topics	19
Ashley Tjaden	Sociodemographic, Clinical and Psychosocial Predictors of Short- and Long-Term Study Retention in the Diabetes Prevention Program (DPP) Outcomes Study (DPPOS)	20
Courtney Lesser	Game, Set, Match: What Makes Tennis Fun for Players with Autism Spectrum Disorder and Other Neurodevelopmental Disorders	21
Joseph Glover	Exposure to Cleaning Chemicals and Respiratory Health Risks in Meat Processing Workers: A Systematic Review	22
Christina Price	WASH for Learning: Reducing Absenteeism in Rural Primary Schools through Water, Sanitation, and Hygiene Interventions	23

Name of Primary Presenter	Abstract Title	Poster NO.
Tim O'Neal	Physical Activity, Mentorship, and Mental Health in Adolescents Living in Washington, DC: Teens Run DC	24
Anna-Riley Settle	Self-Sampling for Cervical Cancer Screening in Low- and Middle-Income Countries: A Scoping Review of Current Practices, Gaps, and Adaptation Potential for Colorectal Cancer	25
Greta Martin	A quantitative health impact assessment of urban greenspace and all-cause mortality across 1,041 global cities	26
Fairuz Mohammed	A Qualitative Analysis of Factors Impacting Adherence to Pediatric Concussion Care Recommendations	27
Fairuz Mohammed	A Preliminary Analysis of Injury Prevalence Among Children in Foster Care	28
Wen-Chien Yang	Quality of Antenatal Care and Perinatal Outcomes: Evidence from a Cohort Study in Ethiopia, Kenya, South Africa, and India	29
Alys Barton	Mixed-Methods Findings And Implications From HRSA Grantees On Addressing Health Workforce Burnout And Moral Injury	30
Maansi Chandra	Balancing Baby and Business: A Cross-National Analysis of Workplace Breastfeeding Policies: An Analysis of Policies Regarding the United States, Switzerland, and Morocco	31
Kristen Kim	The Association Between Overcrowded Hurricane Shelters and Infectious Disease Risk: A Systematic Review	32
Manuela Iglesias	Exploring the Relationship between Child Opportunity Index and Bayley-III Scores in Young Children	33
Sean Cruess	Residential and Occupational Non-Ionizing Radiation Exposure and Thyroid Hormone Levels: A Systematic Review	34
Hannah Safron	Strengthening Community Reach and Equity through Engaging Neighborhoods (SCREEN) in the National Capital Region	35

Name of Primary Presenter	Abstract Title	Poster NO.
Advik Natesh	Multi-Month, Ultra-Endurance, Backpacking Impacts Fuel Selection and Aerobic Capacity: A Case Study	36
Edlyn Rochon	From One City to Many: Strategies to Expand Healthy Corner Stores	37
Miranda Johnson	Reforming CKD Care: From Bias to Balancing Options through Culturally Sensitive and Trauma-Informed Education	38
Rory Coughlin	The Association between Meeting Physical Activity Guidelines and Anxiety Following the Covid-19 Pandemic; NHIS, 2020 and 2022	39
Rebecca Goyette	Vape Master and Other Apps: An Analysis of E-Cigarette Gaming and Simulator Mobile Apps	40
Charlotte Hay	The Effect of Green Energy Transitions for Electricity Generation on Particulate Matter in Urban Areas of China: A Systematic Review	41
Victoria Trapani	External Validation of Cardiovascular Disease Prognostic Tools in a Population with Type 1 Diabetes	42
Christine St. Pierre	Leveraging participatory research for effective evaluation of an experiential school food education program implemented in diverse elementary schools	43
Christine St. Pierre	Effects of Experiential Food Education on Elementary Students' Food Literacy and Fruit and Vegetable Intake in Urban and Rural Schools	44
Shayna Davis	Chemo Brain in Cancer Survivorship: A Systematic Review of Chemotherapy-Related Cognitive Decline and Potential Mitigations	45
Shayna Davis	Contributing Factors to Diabetes Prevalence Across Rural Maryland Counties: Strategies for Success	46
Aditi Choudhury	Sociocultural Factors Associated with HIV Prevalence in Northeast India	47

Name of Primary Presenter	Abstract Title	Poster NO.
Caitlin Brooks	The Impact of Extreme Heat on Childhood Undernutrition in Low and Low-to- Middle-Income Countries: A Systematic Review	48
Amal Hassan	Gender-Transformative and Intersectional Approaches in Community-Based Climate Adaptation Programs in Low and Middle-Income Countries (LMIC): A Scoping Review of Best Practices	49
Elizabeth Nelson	Exposure to Passive Cooling Interventions in Indian Cities and Heat-related Health Outcomes: A Systematic Review	50
Jucel Ann Arizabal	Early Beginnings: A Program Evaluation of the Prince George's County Infants and Toddlers Program for Next Steps in Transition at Age 3	51
Anthony Landrus	The Impact of Aerosolized Brevetoxins on Asthma Symptoms: A Systematic Review of Respiratory Health Risks from Harmful Algal Blooms	52
Xin (Tracy) Li	Association between healthy food diversity and frailty progression in older adults: Findings from the Baltimore Longitudinal Study of Aging	53
Sylvia Shirima	Qualitative Exploration of Cancer Care Pathways and Factors that may Influence Guideline Implementation in Nigerian Healthcare Setting	54
Daryl Holder	Optimizing Electronic Health Record Modernization Planning: A Facility-Led Quality Improvement Assessment	55
Joya Bhattacharyya	Identifying Medicare provider characteristics associated with timely dementia diagnosis	56
Sydney Pryor	Effects of 'climate friendly' claims on food product perceptions and purchase intentions among U.S. adults	57
Madeline Kernahan	Development of a diagnostic testing algorithm for detecting dengue virus in Southern California	58
Fatema Tuj Johora	Impact of Gender-Affirming Hormone Therapy on HIV Infectivity to Peripheral Blood Mononuclear Cells from Transgender Women	59

Name of Primary Presenter	Abstract Title	Poster NO.
Lily Amorosino	Associations Between Food Insecurity and Self-Perceived Physical and Mental Health Among Urban College Students at the George Washington University	60
Su Yadana	Psychosocial Determinants of HIV Disclosure among People with HIV in Washington, DC	61
Su Yadana	Barriers and facilitators to achieving viral suppression among people with HIV in Washington, DC	62
Anna Razvi	"I wish I thought about it a little bit less": Understanding Food Resource Management and the Experience of Food Insecurity Among GW Undergrads	63
Sofia Khugaeva	Antiracism in medical education: Utilizing an integrated framework for tailored trainings	64
Alexandra Mandewo	Storytelling as a catalyst: Teaching cases bridging antiracism theory and clinical practice	65
Lucia Sanchez-Gonzalez	Patient-Centric Benefit-Risk Evaluation of Ticagrelor in Combination with Aspirin in Acute Ischemic Stroke or Transient Ischemic Attack: DOOR Analyses of the THALES Trial	66
Owen Timms	Combined sewer overflows and gastrointestinal illness in the Urban US: A Systematic Review	67
Pratima Thami	Structural Barriers Faced by Women-Led Organizations in Nepal to Accessing Resources	68
Sara Eaves	Private Well Water and Gastrointestinal Illness in the United States and Canada: A Systematic Review	69
Ranjani Anirudhan	Exploring the Relationship Between Perceived Discrimination, Gender-based Violence on College Campuses, and Mental Health Outcomes among Female South Asian College Students in the United States	70
Laura Schubel	Reasons, perceptions, and recommendations: Characterizing medical cannabis use among a cohort of young adults in the United States	71

Name of Primary Presenter	Abstract Title	Poster NO.
Erika Hubbard	Validation of a Machine Learning Algorithm to Classify Molecular Subsets of Systemic Lupus Erythematosus (SLE) with Clinical Implications	72
Mahya Mehrihajmir	Plasma branched-chain amino acid levels and cardiovascular disease risk factors: a longitudinal analysis of a lifestyle trial	73
Eleanor Flacke	Exercise Metabolic Flexibility is Not Associated with Body Fat in Healthy Young Adults	74
Grace Murphy	Advancing Diversity and Inclusion in Cancer Clinical Trials: Barriers, Necessity, and Strategies	75
Jordi Fischbach	Green Building Rating Systems and Occupant Mental Health: A Systematic Review	76
Toniah Harrison	A Scoping Review of Patient and Community Engagement in the Development of Assessment Tools	77
Tiffany Salzberg	Improving Doctor-Patient Communication for Diverse and Low-Income Populations: Tools for More Effective Healthcare Visits	78
Rebecca Fallick	Feasibility and Acceptability of DC-SIPPY: Decreasing Young Children's Sugary Drink Intake through Pediatricians and Social Marketing	79
Marina Kheifets	Developing Machine Learning Models to Predict Adherence to Cervical Cancer Screening Guidelines Among Transgender and Non-Binary People	80
Silas Horn	The Impact of Traffic Noise on Cognitive Function in Children	81
Shafia R. Khan	The Role of Familial Expectations on College Proximity Choices and Mental Health Outcomes Among Female South Asian College Students in the United States.	82
Alyssa Hargis	Knowledge, Attitudes, and Behaviors Regarding HPV Vaccination and Self-Sampling Among US Young Adults	83

Name of Primary Presenter	Abstract Title	Poster NO.
Bezawit Kassahun Bekele	Efficacy of currently approved malaria vaccines in preventing the incidence and disease severity of malaria: Systematic Review and Meta-analysis	84
Rebecca McGrath	A Systematic Review of Heart and Neurological Conditions and Association with Open Burn Pit Exposure in the United States Military Veterans	85
Lauren Rotholz	The Perceived Impact of Food and Agriculture Service-Learning Program (FASLP) on Participant Food and Nutrition Career Interests	86
Afrah Howlader	Outcomes of a randomized controlled trial testing the feasibility, acceptability and preliminary efficacy of a digital, coach-assisted intervention to enhance hope and quality of life among young adult cancer survivors	87
Palash Bhanot	Profiles of quality of life and associations with hope and psychological flexibility among young adult cancer survivors in the US	88
Palash Bhanot	Disaggregating Diversity: Identifying Sources of South Asian American Health Data	89
Palash Bhanot	Associations Between Demonstrated and Self-Reported Condom Use Knowledge and Self-Efficacy in Gay and Bisexual Adolescents	90
Vana M. Brookins	The Relationship Between Rising Sea Surface Temperature and Rapid Intensification of Hurricanes in the Atlantic Basin: A Systematic Review	91
Stephanie Manuli	Sleeping while Queer: Impacts of sexual and gender identity-related concerns on sleep health in the LGBTQ+ community before and after the 2025 US presidential inauguration	92
Yuxian Cui	Indicators of intergenerational transmission of cannabis use among US young adults	93
Yuxian Cui	Profiles of cannabis use and expense-related factors among US young adults	94
Matthew Mollerus	ResLens: Detecting Antibiotic Resistance Genes with Large Language Models	95

Name of Primary Presenter	Abstract Title	Poster NO.
Kristen Rodrigues	Trans-Care: Transgender Male Cervical Cancer Awareness and Reproductive Education Program	96
Morgan Speer	Cannabis Social Equity Initiatives Across Five US States: Case Studies of Colorado, Washington, Massachusetts, Connecticut, and Missouri	97
Morgan Speer	Profiles Of Cannabis And Tobacco Product Use Among Us Young Adults	98
Yu Jin Lim	An Assessment of Recipe Recommending Mobile Applications	99
Summer Harvey	Cervical Cancer Screening Guideline Concordance among Sexual Minority Females in the 2019, 2021, and 2023 National Health Interview Survey (NHIS)	100
Mahdi Baghbanzadeh	seqLens: optimizing language models for genomic predictions	101
Alyssa Khan	Critical Literature Review on Governing the Commercial Determinants of Health: Mechanisms, Tools, and Collaborative Approaches	102
Alyssa Khan	Development of a Survey Tool to Measure the Commercial Influences and Behavioral Risk Factors for Non-Communicable Diseases in Bamako, Mali	103
Alyssa Khan	Predicting Consumption of Sugar-Sweetened Beverages in Bamako, Mali, using Machine Learning Methods	104
Rishika Chakraborty	Associations between cannabis use and food insecurity risk among US adults with and without children	105
Holly Akati	The Impact of Exam Stress on College Students' Eating Behaviors and Food Choices	106
Olivia Finizio	Rooting for Equity in Washington, D.C.	107

Name of Primary Presenter	Abstract Title	Poster NO.
Olivia Turcio	The Impact of Shift Work on Academic Performance Among EMS Professionals: Challenges and Interventions	108
Manasa Sharma	Unraveling Menstrual Stigma: A Transnational Dialogue	109
Christopher Castelli	Hydraulic Fracturing and Increasing Rural Prevalence of Bacterial STDs: A Systematic Review	110
Abebawork Adem	Baseline Pain Phenotyping and Associated Factors in Chronic Chikungunya Arthritis: A Cross-Sectional Study	111
Aden Belay	Correlation Between Increased GLP-1 Medication Usage and Obesity Prevalence Across the Globe: A Systematic Review	112
Corey Thompson	Desert Locust Plagues and Malnutrition in Low-Resource Settings: A Systematic Review	113
Bitanya Michael Berhane	DC-SIPS Environmental Messaging	114
Morgan Crotta	The Interplay Between Climate Change and Antimalarial Drug Resistance: A Systematic Review	115
Morgan Crotta	Extreme Weather, Toxic Legacy: A Scoping Review of Climate Change Driven Chemical Exposures in Vulnerable Populations	116
Alyssa Shapiro	Bili-ruler: A low-cost icterometer for newborn jaundice screening in community settings	117
Sharif Rahimi	Measuring Health Equity Knowledge Among MD Students in a Clinical Public Health Track	118
Lindsay Adlhoch	Pesticide Exposure And The Human Gut Microbiome: A Systematic Review	119

Name of Primary Presenter	Abstract Title	Poster NO.
Sara Luckenbill	Exploring disparities and drivers of contraceptive use among Syrian refugee youth: evidence from a mixed-methods study in Jordan	120
Eden Glick	Feeding Decreases Postprandial Arterial Stiffness in Young Adults	121
Ariel Eikenmeyer	Cardiopulmonary exercise testing in bipolar and major depressive disorders: Preliminary physical performance and pre-post mood change	122
Erin J. Campbell	A fetus-at-risk approach to associations between oil and gas development and adverse birth outcomes	123
Heather Wopat	Body composition and chemotherapy dose intensity in invasive breast cancer	124
Natalia Houghton	Governance of Primary Health Care in Latin America and the Caribbean: Protocol for a Scoping Review and Modified Delphi Exercise to Identify Research Priorities	125
Tariro Pedzi	Accountability and transparency arrangements in the primary healthcare systems of Latin American and Caribbean countries: An evidence gap map.	126
Ligia Esther Aranda	Making Anemia Visible: Non-invasive Anemia Screening of Children under Five Years Old in El Salvador	127
Molly Lauria	Coaching to Improve Quality of Primary Care in Honduras: Insights from A Theory Driven Evaluation	128
Annie Chen	Relation of Neuropathologies to Timely Diagnosis of Dementia in Healthcare Settings	129
Noor Abbasi	Exploring the relationship between physical activity and perceived health among undergraduate college students.	130
Sumaiya Nezam	Exploration of Potential Facilitators and Barriers for Pharmacy-Based PrEP Intervention Among Black Adults in Washington, D.C.	131

Name of Primary Presenter	Abstract Title	Poster NO.
Elizabeth M. O'Donnell	The Absence of Standardized Perinatal Bereavement Response in the United States: A Call for National Implementation	132
Jasmine Thompson	Uranium Mining Activities and Waste and its Health Implications to Neighboring Communities: A Systematic Review	133
Nisaa Chaudhry	The Role of Female Physicians in Pakistan's Maternal and Child Health Workforce: Barriers to Entry and Retention - A Qualitative Study	134
Jing-Jer (Amadeus) Chen	Association Between Medicare Plan Types and Self-perceived Mental Health Outcomes in Older Adults with Diabetes: An Analysis Utilizing the Medical Expenditure Panel Survey	135
Xinyang Zhang	Meta-analytic microbiome target discovery for immune checkpoint inhibitor response in advanced melanoma	136
Nihal Habib	Transcriptomic Signatures and Functional Pathways in HBV and HCV Infections: A Comparative RNA-seq Analysis Using Dual Quantification Strategies	137
Lily Da Ponte	Promises & Perceptions: Exploring Motivations and Misunderstandings About Supplement Use in College	138
Emily Jackson	Exploring the Relationship Between Burnout Levels Among Rural vs. Urban MCH Professionals in the U.S.: A Cross-Sectional Quantitative and Qualitative Study	139
Lilli Silverston	Burnout Among U.S. Midwives: A Cross-Sectional Quantitative Study	140
Lilli Silverston	Virginia Title V Needs Assessment: GW Partnership	141
Katherine Cox	Burnout and Adverse Childhood Experiences in the Maternal and Child Health Workforce	142
Lindsay Kaufman	Addressing Postpartum Social Determinants of Health in Maryland and Washington, D.C.	143

Name of Primary Presenter	Abstract Title	Poster NO.
Jasiah Hasan	A Systematic Review of FGM/C And Male Allyship: A Hopeful Future for At-Risk Women	144
Shawn Bayrd	Development of a Service User-rated Mental Healthcare Quality Assessment Tool: Findings from Theory of Change Workshops in Liberia	145
Nicholas Foreman	Machine Learning Improves Prediction of Visceral Adipose Tissue Area Using Only Clinical and Anthropometric Variables	146
Yoonah Suh	Academic Pressure and Stigma: Impacts on South Korean College Student Mental Health in the U.S.	147
David Michael Hernández	Quickies with Benefits: Investigating the Role of a Sex-Ed Short-Form Video Series, Quickies, on GW Students' Sexual Health Knowledge	148
Sneha Rout	Developing a Process Implementation Plan for FRESH: A Restaurant-Based intervention in Washington, DC and Baltimore	149
Julia Mattingly	Assessing the Impact of Affirmative Action and Anti-DEI Policies on Diversity in Health Professions Education	150
Andrea Osorio	GSLEEP: Gut Health and Sleep Quality Across Young Lean Women with Distinct Fitness Levels	151
Haley Williams	Protecting Women and Girls in Crisis: Understanding the Relationship between Displacement & FGM/C in Kenya	152
Sydney Iannantuono	Understanding FGM/C Survivors' Experiences: Implications for Physician Assistant Education and Training	153
Noah White	Mapping Educational Competencies: Proposing a Tool to Improve Physician Assistants' Abilities to Help FGM/C Survivors	154
Sara Park	Evaluation of Measles and Rubella Elimination Progress in Bangladesh	155

Name of Primary Presenter	Abstract Title	Poster NO.
Brandon Tower	Detection and Quantification of Influenza A and Influenza B RNA Following Administration of Live Attenuated Influenza Virus Vaccine in a Large Adult Population	156
Cynthia Lorang	Anti-MPXV IgG profiles are correlated with neutralizing antibody titers among mpox patients living with or without HIV	157
Stevaghnn Smith	Greater Fat Oxidation during Evening Mixed Meal Challenge: Meal Timing's Influence on Postprandial Metabolism	158
Ajinkya Patil	PlasmidLens: Leveraging Genomic Language Models to Detect Plasmids from Bacterial Sequences	159
Xinnuo Chen	How Does Part-Time Work Affect Chinese Undergraduate Students' Mental Health and Academic Performance?	160
Sayeda F. Hasni	Understanding how knowledge of influenza influences beliefs about wearing masks	161
Yi Cao	A novel target of potent malaria transmission-blocking vaccine (Pfs230-D7D10)	162
Reed Leventis	Uncovering the Hidden Burden of Triazole-Resistant <i>Aspergillus tubingensis</i>	163
Annie Roberts	The Impact of Breastfeeding on the Development of the Infant Gut and Nasal Microbiomes	164
Caitlin Loeffler	Mice with Loeys-Dietz Syndrome (a connective tissue disorder) have altered gut microbial communities and BGC abundances	165
Hui (Wendy) Wen	Locus-specific HERV expression associated with differentially expressed genes in hepatocellular carcinoma	166
Ziwei Song	Healthcare Costs and Utilization Patterns Before and After Dementia Onset With and Without Timely Clinical Recognition by the Healthcare System	167

Name of Primary Presenter	Abstract Title	Poster NO.
Chiraag Gohel	Automated Prior Elicitation from Databases for Bayesian Metabolomics Analysis	168
Soo-Yeon Kim	Associations between city-level socioeconomic status and urban air pollution-related disease burdens across 13,000 cities worldwide	169
Laini Byfield	Pitch, Patterns, and Parkinson's: Investigating Accelerated "Vocal Aging" and Gender Differences	170
Yi Hsuan Wang	Challenges and Barriers to developing a Zika vaccine candidate, the road to prevention	171
Ashvita Vasireddy	Enhancing Group B Streptococcus Management for Optimal Maternal and Neonatal Health Outcomes at Neighborhood Health	172
Aishwarya Bandaru	Addressing missingness in injury history data using multiple imputation	173
Anna Gottesman	Progestin-Only vs. Combination Contraceptives: Examining Associations with Depression in a Cross-Sectional Analysis	174
Leor Clark	The effect of antisemitic messaging on GW's campus on Jewish students' mental health	175
Sarah Patton	Female cohabitating partners' influence on adult men's Engagement on healthy food and physical activity behaviors to maintain a healthy weight: A Scoping Review	176
Carolina Ferraiuoli	Healthy Eating Index (HEI) - 2020 differences across fit young, healthy women with distinct body mass indexes (BMI)	177
Sahil Rajwade	Metabolic Health in Young Adults: Investigating Adipose Tissue and Postprandial Responses Independent of BMI	178
Nikhil Ahuja	Micro-Interactions Between Students and Faculty Influence on Academic Motivation and Mentorship	179

Name of Primary Presenter	Abstract Title	Poster NO.
Shery Kamel	Analyzing Fiber Intake and Gut Health in Lean Premenopausal Women with Different Fitness Levels: Lean-Exercisers vs. Lean-Non-Exercisers	180
DJ Antonilli	Policy Proposals for Treating and Rehabilitating Individuals with Substance Use Disorder in the United States' Criminal Justice System: A Comprehensive Primary Literature Analysis	181
Aanya Sachdeva	Differences in the knowledge and attitudes toward the Human papillomavirus vaccine between GWSPH and other GW undergraduate students	182
Bakhtawar Shaikh	The Impact of Housing Instability on Mental and Physical Health Among Low-Income Populations	183
Megan Talej	Hemoglobin Across Pregnancy and Birth Outcomes: Evidence for Timing-Specific Effects from a Tanzanian Cohort	184
Ramaa Chitale	Drivers of inequity in Universal Healthcare coverage in two states in Myanmar: A secondary analysis of baseline cross-sectional survey data from the Maternal Cash Transfer Program	185
Julia Blouin	The FRESH Study: A Longitudinal Analysis of Stress, Sleep, and Exercise among the GW Student Population	186
Ranojoy Chatterjee	cellSight: Enhanced Single-Cell Analysis Platform and Comprehensive Cell Communication	187
Daniel Huber	Mortality estimates attributed to nitrogen dioxide air pollution in the New York City metropolitan region	188
Ali Reza Taheriyoun	How does sleeve gastrectomy change the dynamics of gut microbiome and metabolome for obesity patients?	189
Joseph Creech	Research as a Service, RTS & You	190
Mario Pita	Using the Homeless Management Information System to Examine Screening for Homelessness at an Urban Academic Hospital	191

Name of Primary Presenter	Abstract Title	Poster NO.
Claudia Gomez	The Urban Health Program: Serving at Eastern Senior High School	192
Hannah Powers	The Interaction Between BMI and Physical Activity Guidelines on Cancer Odds: An Analysis of NHIS 2022 Data	193
Ishita Chopra	Characterizing Cell Interaction and Gene Expression	194
Cristina M. Lilley Trigo	Implementing a Patient Navigation System in Puerto Rico to Decrease Cervical Cancer Rates	195
Alexander Thiersch	Patient-centric approaches for antipsychotic medication research: an application of the Desirability of Outcome Ranking (DOOR) and Global Benefit-Risk (GBR) Score	196
Ignatia E. Manek	Unveiling Cultural Dynamics and Maternal Nutrition Taboos: A Scoping Review on their Impact on Stunting in Nusa Tenggara, Eastern Indonesia	197
Samantha Carl Selorio	A literature review on the barriers to integrating public health and healthcare	198
Drew Wallace	Understanding the Intersection Between Bike Friendly Communities and Population Health Outcomes	199
Jeniffer Collado Rivera	A silent epidemic: Metabolic dysfunction-associated steatotic liver disease (MASLD) in the United States among Hispanic Latinx children	200
Courtney Richardson	A content analysis of newspaper coverage of mass shootings in the United States	201
Imomotimi Imomotebegha	Promoting Responsible Research Practices: Implementing Strategies to Prevent Misconduct in Academic and Research Institutions for Effective Research Leadership	202
Imomotimi Imomotebegha	The Global Burden of Mental Illness: A Policy Research Paper	203
