The Handbook also provides information and references about the Milken Institute SPH and its academic programs.

The Graduate Student Handbook is secondary to the [University's Bulletin](#) which is a complete source of University-wide information. Information in this Handbook is accurate as of August 2019. The University and the GWSPH reserve the right to change courses, programs, and fees, or to make other administrative and policy/procedure changes deemed necessary or desirable, giving advance notice of these changes when possible.

This Handbook is updated on an annual basis, can be found on the [Milken Institute School of Public Health Website](#).

## **7. Academic Advising**

Upon admission to the GWSPH, students are assigned an academic advisor appropriate to the program in which enrolled. (Contact information can be found in the acceptance packet). A complete list of advisors is available on this [website](#).

It is important for students to communicate with their advisor for many reasons, including:

- curriculum changes;
- selection of electives;
- academic progress;
- preparation for graduation.

Students should seek advice from their advisor about when to start planning for the Applied Practice Experience and Culminating Experience in the MPH programs. It is important to note that activities such as these may require substantial lead time. Planning should begin at least one term in advance of the term you plan to begin the Applied Practice Experience and Culminating Experience.

[BACK TO THE TOP](#)

## **POLICIES & PROCEDURES**

This section summarizes many important policies and procedures that will help students successfully navigate the way while enrolled in a GWSPH program.

### **1. Student Rights and Responsibilities**

All students, upon enrolling in and while attending The George Washington University, are subject to the provisions of the [Guide to Student Rights and Responsibilities](#). That documentation typically addresses instances of significant or recidivistic non-academic student misconduct, which may result in a disciplinary record and sanctions that include, but are not limited to: cancellation of a student's housing license agreement, suspension or expulsion from the university, or other educational sanctions. For more information, please visit [The Office of Students Rights & Responsibilities Website](#).

[BACK TO THE TOP](#)

### **2. Maintaining Enrollment Status**

Once enrolled in a degree program, students are expected to be continuously registered for at least one credit during all fall and spring terms and actively engaged in fulfilling the requirements of the degree.

- For fall and spring terms, students must register for one or more credit hours to maintain enrollment status. For students that fail to do so, they will fall out of status; students who fall out of status must reapply for admission to the applicable program.
- Requests for a Leave of Absence (LOA) are possible and will be managed on a case by case basis. See below for clarification.
- During the summer session, students do not have to be enrolled unless they are completing degree requirements and graduating during the summer.
- Some additional activities, such as study abroad programs, qualify as continuous enrollment. For questions, contact a student advisor or OSA staff.
- Federal and Institutional financial aid resources may have separate enrollment requirements.

If a degree-seeking student finds it necessary to interrupt active pursuit of a degree program, it is permissible to petition to take a Leave of Absence for a specific period of time, limited to a total of one calendar year during the student's program.

If a student discontinues active enrollment in degree studies without being granted a leave of absence, or if they are granted a leave but do not return to active study at the close of the period of approved absence, the student is no longer in status.

Students who fall out of status must apply for readmission and will be subject to the regulations and program requirements in effect at that time of reenrollment. Please note: readmission to any program is not guaranteed. Students registering for a Leave of Absence will incur the prevailing registration fee, if applicable, per University policy.

[BACK TO THE TOP](#)

### **3. Filing Petition Form & Transferring Credits**

When a student wishes to make a request that requires an exception to GW or GWSPH policies and procedures, or one representing a change in program of study, a petition must be filed and approved. Petitions can be found on the [Academic Forms Webpage](#). See Table below for a description of when to use the petition form.

<b>Petition</b>	
<b>Submit to:</b>	SPH Student Records Office via <a href="mailto:gwsphrecords@gwu.edu">gwsphrecords@gwu.edu</a>
<b>Used to:</b>	<ul style="list-style-type: none"> <li>• Waive/replace a required course</li> <li>• Substitute a course for a required course</li> <li>• Register for continuous enrollment instead of continuous research</li> <li>• Transfer credits taken at an outside, accredited institution, while a student at GW, to the GW transcript (approval must be obtained prior to enrolling in outside course)</li> <li>• Transfer credits to GW transcript taken before matriculation from an accredited institution (course must have been completed within 3 years of matriculation; earned grade of B or better; and course cannot have counted toward another degree)</li> <li>• Transfer Credits from non-degree to transcript</li> <li>• Extend the time limit for graduation</li> <li>• Request a leave of absence</li> <li>• Withdraw from a course after the deadline</li> </ul>
<b>Other Notes:</b>	Complete the petition with any necessary documentation. The petition will be processed electronically referring it to the appropriate faculty member(s) and then will be returned to the student with a decision.

*Notes:*

1. *Transfer approval is not guaranteed; advance approval from your advisor is highly recommended, particularly prior to registering for any coursework outside of your program.*
2. *Not all graduate programs accept transfer credits.*

Submit one petition and use the “Add another Course” feature for each course you wish to transfer with the course name and number, institution and semester/year [OSA to obtain necessary signatures]

- Submit course syllabus(s) for course(s) (Note: Syllabi will be reviewed by the GW course instructor to determine the equivalency for the substitution).
- If the course is included in your SOPHAS verified coursework (graduate students only), no transcript is required. If not, an official sealed transcript must be submitted.
- Grade earned for the transferred course must be a “B” or better, completed within the past three years, and not used to satisfy requirements for a prior degree.
- Indicate the proposed GWSPH course equivalent course in the petition.
- Submit all documentation to [gwsphadmit@gwu.edu](mailto:gwsphadmit@gwu.edu)

**Transfer Credits earned after Matriculation to GWSPH Program - Completed at another University:**

Submit a separate [petition](#) for each course you wish to transfer with the course name and number, institution and semester/year [OSA to obtain necessary signatures]

- Submit course syllabus(s) for course(s) (Note: Syllabi will be reviewed by the GW course instructor to determine the equivalency for the substitution).

- If you are applying graduate credits from within GWSPH, you do not need to request an official transcript.
- Submit course syllabus(s) for course(s) (Note: Syllabi will be reviewed by the GW course instructor to determine the equivalency for the substitution).
- Obtain an official, sealed transcript(s)
- Grade earned for the transferred course must be a “B” or better for each course, completed within the past three years, and not used to satisfy requirements for a prior degree.
- Submit to [gwsphrecords@gwu.edu](mailto:gwsphrecords@gwu.edu)

## **Waive & Replace a Required GW Class with Elective Credits**

In particular circumstances, a GW student may waive a required course and replace that waived course with elective credits. If the GW professor teaching the required course that the student seeks to waive agrees the student already possesses the requisite knowledge that the course provides (by having taken a similar course in another degree program, for example), then the student may be granted permission to “waive & replace” the required GW course with an equivalent amount of elective credits.

[BACK TO THE TOP](#)

## **4. Adding and Dropping Courses**

Students may add and drop courses before the first day of class without penalty. A late registration fee of \$80 is applied to a student’s account when registering for classes on/or beyond the first day of classes. The following schedule of fees applies to dropped classes on/or beyond the first day of classes.

<b>On Campus Courses (Fall &amp; Spring Semesters)</b>		<b>Online Courses (Every Term)</b>	
<b>Drop Date</b>	<b>Tuition Reimbursement</b>	<b>Drop Date</b>	<b>Tuition Reimbursement</b>
On or before the end of the first week of the semester	90%	On or before the end of the first week of the semester	85%
On or before the end of the second week of the semester	60%	After the first week of the semester	None
On or before the end of the third week of the semester	40%		
On or before the end of the fourth week of the semester	25%		
After the fourth week of the semester *	None		

### **On-Campus Courses - Summer Sessions**

In cases of authorized withdrawals from courses, refunds of 85% of tuition and fees will be made for courses dropped within the first seven calendar days of the start of a session. No refund will be made for courses dropped thereafter.

\*After the 4th week of classes, students who wish to add or withdraw from a course must complete a [Registration Transaction Form](#) (RTF) and submit it to [gwsphrecords@gwu.edu](mailto:gwsphrecords@gwu.edu). Between the end of

the 4th week and before the end of the 8th week, dropping a class will result in a notation of W (Authorized Withdrawal) on the transcript. After the 8th week of classes, students who wish to withdraw must submit a petition along with supporting documentation to their academic advisor for consideration.

Students receiving financial assistance should consult with a financial aid representative to understand potential consequences of adjusting their enrollment.

## **5. Maintaining Good Academic Standing**

A graduate student who is not suspended, on academic probation, or on provisional admission status is considered to be in good standing. At the graduate level, a minimum grade-point average of 3.0 (B) must be maintained to be awarded a graduate degree. All courses taken for graduate credit after matriculation as a degree candidate (but excluding those audited or taken for the grade of CR/NC) will be used to calculate the grade point average (GPA).

\*\* Students receiving Federal Student Aid are subject to Federal Satisfactory Academic Progress (SAP) requirements. This is a separate GW policy, which can be found on [the Office of Student Financial Assistance Webpage](#).\*\*

The Milken Institute School of Public Health takes academic integrity issues seriously. It is the student's responsibility to review, understand, and comply with the George Washington University's [Code of Academic Integrity](#). Students should also be familiar with [Student Rights & Responsibilities](#).

Below are descriptions for the academic standing categories:

### **Provisional Admission**

Provisional admissions are used for applicants who are just shy of numerical standards for admission, but show promise of successfully completing graduate work. During the provisional admission period (the first 9 credits), students are required to meet with academic advisors each term prior to registration and to maintain a GPA of at least 3.0. During this time period, students must not receive a grade of Incomplete (I) or a grade lower than a B. Provisionally admitted students who do not meet these requirements are subject to suspension (see below) and cannot apply for readmission for at least one calendar year.

### **Term Warning (<9 credits completed)**

A graduate student whose cumulative GPA is less than 3.0 after attempting a minimum of one credit hour and a maximum of eight credit hours will be issued a warning notice at the end of the term and will be required to take corrective measures (e.g., meet with academic advisor to outline steps to raise GPA). After receipt of the term warning letter, incomplete grades and grades of B- or lower are not permitted during remainder of the first 8 credits and are grounds for automatic suspension, probation, or continued warning status.

### **Probation**

A graduate student whose GPA falls below 3.0 at any point after completing nine credit hours will be placed on academic probation. This probation extends through the period in which the student next

attempts 12 credit hours of work, including required courses. A student's program may be restricted by the program director if deemed necessary.

A student who fails to raise the cumulative GPA to 3.0 or better during the period of probation is subject to suspension. Incomplete grades and grades of B- or lower are not permitted during the probationary period and are grounds for automatic suspension or continued probation. Students on academic probation are not eligible to apply for graduation. The GWSPH Dean's Office, in consultation with the student's academic advisor, may continue a student on probation (in lieu of suspension) if satisfactory progress is demonstrated during the probationary period as determined by the Senior Associate Dean for Academic Affairs.

### **Grade of F**

A graduate student who receives a grade of F is subject to suspension. If the student wishes to remain enrolled, s/he must present cause, for consideration by the Senior Associate Dean of Academic Affairs and the director of the degree program, as to why continued study should be permitted. Once a grade of F is earned it remains a part of the student's permanent record and is calculated into the GPA.

A graduate student who earns the grade of F in a core or other required course and is permitted to continue in graduate studies must repeat the course and achieve at least the grade of B; such a repeat does not expunge the grade of F, which remains as part of the student's record.

### **Suspension**

A graduate student who receives an F or does not meet the conditions of probation (see above) is subject to suspension. Suspended students may not register for or complete any courses at GW. An outstanding Incomplete (I) grade at the time of suspension will become an F.

Suspended students may reapply to a program, using [SOPHAS Express](#), after one full calendar year from the time of suspension. To be readmitted, the student must submit evidence that suggests the probability of academic success. A student who is readmitted will continue on academic probation and must achieve a minimum grade-point average of 3.0 in the next 12 credit hours of graduate study. Should the student fail to achieve this grade-point average, the student will again be suspended and will not be readmitted.

### **Dismissal**

A student who has been suspended twice is not permitted to reapply to Milken Institute School of Public Health and will be dismissed from the school.

### **Timely Progress Towards a Degree**

A graduate student who fails to make adequate and timely progress toward the degree, through repeated leaves or repeated failure to complete an appropriate number of credit hours per module/semester, may be suspended. Students suspended on these grounds may apply for readmission after providing sufficient evidence of academic promise through [SOPHAS Express](#).

### **Notification of Academic Status**

Students who are not in good academic standing will be notified by mail and email. Letters are sent out at the end of each academic term. Any student seeking to appeal academic decisions with respect to

maintenance of good academic standing may do so through the Senior Associate Dean of Academic Affairs on a case by case basis.

[BACK TO THE TOP](#)

## **6. Student Grades Appeals Process**

All students have the right to appeal an academic decision.

### **Grounds for Appeal**

Dissatisfaction with a grade is not grounds for an appeal. Acceptable reasons for an appeal include only an error in grading procedures or inequity in the application of policies stated in the course syllabus. (Students may grieve at any time when they feel that they have been discriminated against on the basis of race/ethnicity, color, religion, gender, national origin, age, disability, veteran status, sexual orientation, or gender identity).

### **Phase I: Informal Resolution**

Prior to filing a formal grade appeal, the student should seek an acceptable resolution on an informal basis with the Instructor/Course Director and Session Leader (if applicable). This discussion must occur within the first 30 calendar days of the start of the next term.

- After discussing the grade with the Instructor/Course Director, if a satisfactory result has not been reached, the student should consult with the Program Director. And if no resolution is reached here, the student should contact the Department Chair. (Note- When the Course Instructor is the Program Director or the Program Director is the Department Chair, the student may contact the next level in the program leadership, up to and including the Senior Associate Dean for Academic, Student, and Faculty Affairs- see next step.)
- If no resolution has been reached with the Program Director/Chair, the student may consult with the Senior Associate Dean for Academic, Student, and Faculty Affairs (Senior Associate Dean hereafter). If no resolution is reached as a result of these informal attempts, the student may consider filing a formal appeal with the Senior Associate Dean.

### **Phase II: Initiating an Appeal**

A grade appeal will trigger a thorough review and could result in the grade remaining the same, the grade being raised or the grade being lowered in the event the review **determines that an error benefited the student.**

1. The student may submit a formal appeal letter to the Senior Associate Dean, who will convene a group of three impartial faculty members from the Milken Institute School Student Academic Appeals Committee to review the student's appeal. This group should not include Committee members from the instructor's department.
2. To initiate the appeal process, the student must submit in writing the following information to the Dean within the first 60 calendar days from the start of the next term:
  - Description of the reason(s) for requesting an appeal;
  - Detailed description of the timeline of events;

- Statement explaining the resolution sought by the student;
  - The course syllabus and any documents relevant to the appeal.
3. The Senior Associate Dean must then notify the instructor of the appeal and provide a copy of the formal request. The Committee will have two weeks to review the materials before meeting separately with the instructor and the student to make additional comments and to answer questions.
  4. The Committee will deliberate and communicate its decision to the Senior Associate Dean in a written report. The Senior Associate Dean will convey the outcome to the student and the faculty member. **The Committee's decision is final.**
  5. If the Committee finds in favor of the Instructor's initial decision, there is no further appeal of the academic evaluation, except on procedural grounds. The student may request the Senior Associate Dean to review the procedural aspects of the case, if applicable. Requests for review must be submitted in writing, including an explanation of the basis for the appeal, within 10 days after the review committee report has been provided to the student.
  6. If the Senior Associate Dean concludes that procedural violations have occurred, then (s)he may remand the case to the department or program for a re-hearing or may take other steps to afford the student an appropriate remedy.
  7. All appeals must be resolved no later than the end of the term following the term in which the course was taken and the original grade was awarded. If the Committee has not reported the outcome of the appeal process by the end of the semester, then the appeal will go directly to the Senior Associate Dean to settle the dispute.

## **7. Applying for Readmission**

The deadline for readmission petitions is no later than three (3) weeks prior to the first day of class. Earlier submissions will ensure processing before registration to avoid complications. It is advised students seeking readmission identify when course registration begins each semester to plan accordingly. Check the [academic calendar](#) here.

Students should not apply until all account holds have been rectified.

If accepted for readmission, students will be subject to the regulations and program requirements in effect at the time of reenrollment.

### **Students Who Have Fallen Out of Status**

Students who did not register during the immediate preceding semester/module (excluding summer sessions) or have not taken courses at GW in over a year are out of status and must apply for readmission by completing an [admissions petition](#).

## **Students Who Have Been Suspended**

Students who were suspended from Milken Institute SPH must apply for readmission through [SOPHAS Express](#). Students may only apply for readmission after at least one academic year has passed. See the chart below for readmission requirements.

[BACK TO THE TOP](#)

## **SOPHAS EXPRESS REQUIREMENTS**

<b>Requirement</b>	<b>Returning Post-Suspension</b>	<b>Returning After Falling Out of Status</b>
Transcripts	Official transcripts showing any grades for courses taken at another institution while suspended from GW	Unofficial transcript from GW coursework
Standardized Tests	New Official GRE Scores (if old scores are no longer valid)	New GRE scores may be requested on a case-by-case basis
Letters of Recommendation	At least one letter of recommendation	None required
Statement of Purpose	Statement should address the issues that led to suspension and steps the student has taken to a) prove that s/he will be successful after being readmitted and b) avoid the same issues that caused suspension	Statement should address why the student has been out of status, the goals for readmission, and plan to graduate
Fee	\$50	\$0

## **8. Residential International Students: Less than Full-Time Status**

If you are an international student on an F-1 or J-1 Visa, it is your responsibility to enroll as a full-time student (minimum 9 credit hours for graduate students; 12 credits for undergraduates) for spring and fall semesters according to the U.S. Immigration and Naturalization rules governing registration requirements for international students with F-1/J-1 visa status. In certain situations, a reduced course

load may be allowed. To request approval for this, complete the F-1/J-1 Request for [Reduced Course Load Form](#) and submit it to the International Services Office (ISO). You can obtain more information from the ISO on their [website](#) or by contacting the office at [iso@gwu.edu](mailto:iso@gwu.edu) or (202) 994-4477.

[BACK TO THE TOP](#)

## **9. Grades of Incomplete (I) and In-Progress (IPG)**

Conditions under which an Incomplete (I) grade may be assigned are described in the [University Bulletin](#). The student must work directly with the Instructor to document how the student will complete the course work and earn a grade using the [Incomplete Course Grade Contract](#). The completed contract must be signed by the student, Instructor, and Dean and sent to [gwsphrecords@gwu.edu](mailto:gwsphrecords@gwu.edu) or to the **OSA mailbox, which is physically located in the self-service area of OSA.**

Incomplete work must be completed by a date agreed upon by the student and the instructor, but no more than 6 calendar months from the end of the term in which the student registered for the course. The final grade earned will replace the symbol of “I” on the official transcript. An Incomplete that is not changed by the deadline noted in the contract will convert to an “F” (Failure) and the GPA and academic standing recalculated accordingly.

The grade In Progress (IPG) is given for all thesis, residency, advanced reading, independent study, internship/practicum, and dissertation research courses until the coursework is completed. Upon satisfactory completion, the grade is entered by the Instructor and ‘IPG’ no longer remains on the transcript. ‘IPG’ cannot be given for regular, semester-length courses.

[BACK TO THE TOP](#)

## **10. Independent Study**

Graduate students may choose to complete up to six credits of Independent Study coursework during the student’s degree program. Before registering for an independent study, the student must first complete an independent study project plan and submit to the Student Records department with an Independent Study Form. The form must be approved by the student, the project faculty supervisor, and the student’s academic Program Director.

Independent studies must be approved prior to registration for the course. Students submit the completed forms and a [Registration Transaction Form](#) (RTF) to the student advisor during open registration for the semester that the independent study is taking place. All forms and a detailed description can be found on the [website](#).

\*Please note: Independent study projects may not be used as a substitute for an available required course and may not substantially cover the same subject matter that is available in a required or elective course.\*

[BACK TO THE TOP](#)

## **11. Enrolling for a Course at Another School or Institution**

Once enrolled at GWSPH, graduate students are expected to complete course requirements at GWSPH. However, under limited circumstances, it is permissible to transfer in no more than 12 credits for

coursework completed at another institution. If a student wishes to register concurrently at GW and another institution from which they wish to apply credit toward their GW degree, they must request written permission in advance.

To request such permission, please follow these steps:

- Download a [Petition](#).
- Complete the petition and attach the syllabus of the course desired to take.
- Obtain student advisor’s signature. If the course will substitute for a required Milken Institute SPH course, also get approval from the instructor of that course and attach the syllabus.
- Following completion of the course, request that a transcript be sent to [gwsphrecords@gwu.edu](mailto:gwsphrecords@gwu.edu). Students must earn a grade of B or better to transfer credit, however the grade from another institution will not be considered in computing your GW grade-point average.
- Consortium of Universities of the Washington Metropolitan Area: [website](#)
- If a student wishes to register for a course offered by a GW school other than the GWSPH, and count this course toward degree requirements, they must similarly obtain prior written permission by filing a petition and follow the steps above (although students do not have to have a transcript sent).

## **12. Flexible Programming**

GWSPH provides flexible academic program options for all Master-level students. Master’s-level students will be able to take courses in either online or on-campus formats. On-campus students may take up to 15 credits online, and online students may take up to 15 credits on-campus without requiring a petition. By offering these options, students will be able to customize their education to meet both professional and personal needs. Please see [The Source](#) (GWSPH intranet) for more details.

## GUIDE FOR POST-ACCEPTANCE

### Initial Steps

Students are responsible for a number of pre-and post-enrollment activities. The following items require action on the part of the student and should be considered essential in the orientation and acclimation process. Once a student has returned the Declaration of Intent documents and has made a deposit, the student should set up their [NetID](#).

#### **4. Read the Weekly Student Newsletter**

All enrolled Milken Institute SPH students receive the weekly newsletter, sent to their gwu.edu email address. The Monday newsletter compiles all the important deadlines, events and announcements for the coming weeks. It is advised that all students read the student newsletter each week to be aware of current events, activities, and updates.

Students are also welcome to join the opt-in Milken Institute SPH listserv that includes students, alumni, faculty, staff, and members of the community. The list is used to distribute information on seminars, internships, fellowships, and professional conferences. Once a member of the list, you can send public health related announcements to fellow list members.

If you are interested in subscribing to the GWSPH listserv, please:

1. Use your GW email address to send an email to Robin Delk ([robin3@gwu.edu](mailto:robin3@gwu.edu))
2. Write "Subscribe to Listserv" in the subject field of the email
3. Simply include "Please add me to the student listserv" in the body.

### **IN THE FIRST TWO WEEKS**

#### **1. Complete Academic Integrity Requirements**

All Milken Institute School of Public Health Students are required to complete the online [GW Academic Integrity Activity](#). This must be completed **within 2 weeks of starting your coursework** at Milken Institute School of Public Health. Email confirmation of your completion of the integrity quiz to the Student Records Office at [gwsphrecords@gwu.edu](mailto:gwsphrecords@gwu.edu). For more information please visit the school's [website](#).

#### **2. Complete Human Subjects Research Training Requirements**

All students in the GWSPH are required to complete training regarding human subject protection regulation and the Health Insurance Portability and Accountability Act of 1996 (HIPAA). To fulfill this requirement, a student must complete the Collaborative IRB Training Initiative (CITI) Course in The Protection of Human Research Subjects. All GWSPH students are required to complete the CITI module Social and Behavioral Researchers or the Biomedical track which can be found under Human Subjects Research Training. CITI coursework must be completed before the end of their first semester/two modules.

Furthermore, students must complete the CITI course before they are approved to begin the Applied Practice Experience and/or Practicum (MPH students) or any other field or research-related activities. This course is available online. Be sure to print out the certificate of completion for the CITI course and keep a copy for your records. Students will need this documentation for any IRB submission package. Documentation of completion is also required for graduation clearance. Students will submit these documents to the Office of Student Records, [gwsphrecords@gwu.edu](mailto:gwsphrecords@gwu.edu). Additional training requirements exist for students who plan to conduct some types of research (e.g., clinical research).

### To get started:

1. Go to [www.citiprogram.org](http://www.citiprogram.org)
2. Click: Register for the CITI course

## **AFTER THE FIRST TERM**

### **1. Participate in Professional Enhancement (PE) Activities**

All degree seeking students in the Milken Institute School of Public Health are required to attend a minimum of 8 hours of professional enhancement activities during their program (some programs require more). These activities supplement the academic curriculum and help prepare students to participate actively in the professional community. They enhance practical knowledge and awareness of public health issues – either in general or in a student’s specific area of study.

Students can fulfill this requirement by attending workshops, seminars, live webinars (recorded webinars or meetings do not fulfill this requirement), or other relevant professional meetings. Download the form at: [publichealth.gwu.edu/academics/forms](http://publichealth.gwu.edu/academics/forms).

After completing all 8 hours and obtaining your academic advisor’s signature, submit the Professional Enhancement Requirement [form](#) to Student Records [gwsphrecords@gwu.edu](mailto:gwsphrecords@gwu.edu).

If unsure of whether the activity is appropriate for the PE or not, students should reach out to an advisor to obtain approval prior to attending the PE activity. Include information (name of a conference/objective of the activity), so the advisor can determine if the activity is valid for PE credit. Note that if advanced approval is not secured, PE activity may not be eligible for PE requirements.

[BACK TO THE TOP](#)

### **2. MPH Students - Applied Practice Experience**

All MPH students matriculating in Fall 2019\* and beyond are required to complete an Applied Practice Experience (APEX). The APEX is an opportunity for students to apply the practical skills and knowledge learned in the classroom to a professional public health setting that complements their professional and career objectives.

Students will be introduced to the APEX during their first term in PUBH 6021, Essentials of Public Health Practice & Leadership I. Students will plan and complete their APEX in PUBH 6022, Essentials of Public Health Practice & Leadership II.

Students may enroll in PUBH 6022 after successful completion of PUBH 6021. Students should work closely with their departmental adviser to ensure appropriate course sequencing.

The standard path (Track 1) to complete the APEX is via a practicum experience in which the student participates in a planned, supervised, and evaluated work experience that enables a student to apply the knowledge they have gained at GWSPH into a practical, professional public health environment.

Students will develop their APEX proposal/plan during PUBH 6022, Essentials of Public Health Practice and Leadership II. Before beginning the APEX, the proposal/plan must be reviewed and approved by the student, their faculty/staff advisor, and the agency preceptor.

To successfully complete the APEX requirement, students will:

- a. Complete a minimum of 120 hours of fieldwork with a GWSPH approved community partner site external to the university;
- b. Develop at least 2 work products that benefit the APEX site, and meet at least 3 foundational MPH competencies and at least 2 program-specific competencies;
- c. Enter and track all APEX-related information, deliverables, and required approvals in the GWSPH APEX portal.

Students with 5 or more years of full-time, relevant, professional public health experience prior to matriculation, may petition for an *Expedited Portfolio Review* (EPR) during PUBH 6022 to satisfy their CEPH APEX (Track 2).

An EPR includes an APEX proposal/plan, description of recent public health professional experience, and the submission of 2 work products that meet 3 foundational and 2 program-specific competencies. An EPR does not have an hours requirement, nor does it require additional fieldwork, monitoring, or evaluation.

*\*Students that matriculated prior to Fall 2019, should review the information in section 3 below, “MPH Students – Prepare for Practicum”.*

### **3. MPH Students - Prepare for Practicum**

All students that matriculated prior to Fall 2019 are required to complete a Practicum.

The Practicum is a planned, supervised, and evaluated project in which students gain practical skills and knowledge via a 120 hour real-world work experience. During the Practicum, students will work under the supervision of their department’s Practicum Advisor and a Site Preceptor to develop practical skills and confidence as a public health professional contributing to a community’s resources and to the solution of public health problems.

#### **A. Complete the Practicum Training**

For more information regarding the Practicum, please visit the [Practicum website and contact your departmental advisor](#).

## **B. Request a Waiver of the Practicum**

- MPH students with substantial public health experience may request to waive the Practicum and substitute with two elective credits. Prior to matriculation, applicants must have completed more than three years of relevant, full-time, public health experience in which they can demonstrate clear relevance to at least one program competency.
- This application to waive the Practicum **MUST BE SUBMITTED** within a student's first semester of enrollment if in a resident program and within the first two terms of enrollment if in an online program.
- To request a waiver, complete the Practicum Equivalent Experience (PEE) Application, available on the Milken Institute School of Public Health [Academic Forms Website](#). Completed forms should be sent to an Academic Advisor for approval.

## **C. Register for Practicum**

- Students should register for their practicum during the term they expect to start the practicum. Prerequisites vary among departments, please check with the respective department or program for details.

## **4. MPH Students - Culminating Experience**

All MPH students will complete a Culminating Experience. The Culminating Experience (CE) integrates the knowledge and skills students acquire through their academic work and the Practice Activity. The CE requires students to identify and define a specific public health issue and formulate hypotheses to address that issue. Depending on your department and program, the CE may also be referred to as the Integrated Learning Experience (ILE) or Capstone.

- Register for Culminating Experience
- If unusual circumstances arise and a student cannot complete the graduation requirements before the end of that term, they may petition one time to register for Continuous Enrollment. In these circumstances students will not be expected to pay the Continuous Research credit fee.
  - Petitions to register for Continuous Enrollment rather than Continuous Research must include an explanation of why the student did not finish the project in a timely manner along with documentation sufficient to support the explanation.
  - Documentation must include a detailed timeline and summary of progress to date and a timeline for finishing the project.
  - Submission of this documentation does not guarantee the petition will be granted. Such petitions will be considered by the Academic Advisor on a case-by-case basis, and for one term only. Work issues and financial reasons are not considered as meeting the threshold of "unusual circumstances."
- Under normal circumstances, if the student does not complete culminating experience in the term in which they are registered, they are required to register for one credit of "Continuing Research" (if they have no other course work to complete) in order to maintain their status during the following semester. This credit is charged at the prevailing tuition rate at the time of registration.

- During summer session, a student only needs to register for Continuous Enrollment if planning to complete the practicum or the culminating experience to meet graduation requirements. Continuing students are not required to maintain enrollment during the summer session.

## **GRADUATION & BEYOND**

### **1. Preparing to Graduate**

There are a few administrative tasks that must be completed by students in order to ensure a smooth graduation process. In an effort to make the process simplified, a Frequently Asked Questions document has been created. Please note there are important dates and deadlines to adhere to that are specific to online and on campus programs. Please see Appendix II for the Graduation FAQ document.

The [GWSPH Graduation Website](#) is another resource with graduation information.

### **Graduation Requirements and Deadlines for Degree Completion**

While degrees are awarded at the end of each semester, three times per year, formal commencement ceremonies occur only in May. Students are eligible to graduate only after they have completed all degree requirements (see your advisor or Student Records) and have no financial obligations to the University. The degree designation (MS, MPH, MHA, DrPH, or PhD) may be used after the student's name only when all degree requirements are completed.

## 4. Alumni Course Audit Program

The Alumni Course Audit Program allows GW alumni as well as DC residents 60 years of age and older who reside in the neighborhoods surrounding GW’s Foggy Bottom and Mount Vernon campuses the opportunity to attend a wide selection of GW courses on a not- for-credit basis. For more information visit the [Alumni Course Audit Website](#). Note: Only residential courses are available for alumni audit.
